Dugg Burger offers burgers, fries, bread pudding, soft drinks, beer and wine and is adding shakes to its menu.

## **Unique burger concept opening Plano restaurant**

Nearly a year after its successful launch, **Dugg Burger** is scheduled to open a second location in early March at 4701 W. Park Blvd. in Plano. The 3,000-square-foot restaurant will have a separate station for online and to-go orders and serve shakes in addition to its regular menu.

Dugg's managing partner Jeff Braunstein said the company chose the Park Boulevard spot because of its location near the highly-trafcked intersection of Park Boulevard and Preston Road. The restaurant is next to a Studio Movie Grill. Braunstein also hopes to lure moviegoers into the eatery.

At Dugg, servers dig out the extra breading in the top burger bun and place toppings inside. The result is a burger with less bread and more toppings that are less likely to drip out of the bun.
